

Dr Sian Thrasher

BSc (Hons), MSc CPsychol, PhD

Consultant Clinical Psychologist and Director of CBT Networks Ltd

Dr Thrasher is a highly experienced Consultant Clinical Psychologist, with recognized expertise in the assessment and treatment of Post-Traumatic Stress reactions, gained in a range of public and commercial settings. She is an experienced Expert Witness in Personal Injury cases involving emotional reactions to trauma, and has prepared over 400 medico-legal court reports.

Dr Thrasher is Managing Director of CBT Networks Ltd – an independent treatment agency, providing state of the art psychological treatment for survivors of transport accidents and other traumas. Her research in the field of PTSD has been published in academic journals, and presented at conferences around the world.

She is a member of APIL (the Association of Personal Injury Lawyers), the Society of Expert Witnesses and is an accredited and active member of the BABCP (British Association of Behavioural and Cognitive Psychotherapies) – an organization at the forefront of the promotion of evidence-based psychological treatment for mental health problems. Dr Thrasher has a special interest in the development of services for post-traumatic stress reactions.

Qualifications:

BSc (Hons) Psychology St Andrews University

MSc Clinical Psychology, Institute of Psychiatry, Kings College London

PhD Clinical Psychology, Institute of Psychiatry, Kings College London

“For the past 10 years, Dr. Thrasher and her team of associates at CBT Networks have provided a consistently high quality psychological treatment service for our Personal Injury clients. Every legal firm that undertakes PI work seriously should have its own CBT therapist!”
